Attachments: Combined OPP and OECA 11 28 2018 OGC edit(003).pptx

All,
OGC has reviewed and edited slide 21. The changed slide is in the attachment.
Yvette

Let's have OGC review slide 21. If they don't have any comments, I'll clear. Since the vast majority of the slides have been cleared by either OCSP or OECA leadership, we won't need to send these back through the clearance process.

Hi Darlene, Here are the slides we would like to share this Friday with the State Lead Agencies as a part of the EPA and SLA Learning Exchange. We used 99% of the slides you provided from Rick's recent meeting, and from the Twain meeting. The only slide not cleared is the devices slide -slide 21. The OECA slides (93-109) have already been cleared by OECA's management. Please let me know if we can get these cleared for use on Friday. Thanks, Jackie

Subject: Slide Deck for Learning Exchange Meeting on Friday
Importance: High

Jackie/Yvette – I went thru the additional powerpoints that Darlene had sent us and am thinking that if we use the attached slide deck – it is our best chance of getting a green light for giving this to the states on Friday. Slides 1-92 cover OPP. Slides 93-109 are OECA slides.

All of the 92 OPP slides are from Rick's approved presentation titled "EPA Basics Pesticides Overview – NC State Seminar Nov 2018" EXCEPT:

Slide 3 – overview slide was tweaked to include OECA (not approved but very minor tweak)

Slides 19, 22-26 are from the approved slide deck titled "Management of Consumer Products Treated with Pesticides or Antimicrobials 8.24.18.ytg" - APPROVED

Slide 21- give the definition of "Device" – not approved.

99% of the attached slide deck has already been approved.

What are your thoughts on using the attached? I believe the only concept we are missing from our original slide deck is priority setting.
